Community Participation

Equity in funding distribution

The need:

- Funding for partners in implementation studies
- Ensuring community partners get an equal share
- Guidance on alternative funding mechanisms

Potential public goods:

- Webinar + toolkit
- Success stories
- Funding guidance for community partners

Engaging community advisory boards

The need:

- Enhanced understanding of what makes an effective CAB
- Guidance on CABs vs. community partners

Potential public goods:

- Tip sheet: continuum of engagement → sustainability
 - Survey, crowd sourced data
- Literature review

Potential leads:

- Cory Bradley, PhD

Capacity-building pipeline

The need:

- Training undergraduates in D&I and community engagement

Potential public goods:

- Mini-curriculum for instructors

Potential leads:

- Cory Bradley, PhD
- Aubrey Villalobos, DrPH, MEd

Keeping up with the speed of practice

The need:

- Rapid processes to inform implementation planning
- Balancing needs (e.g., IRB-approved methods vs. community partner needs)

Potential public goods:

- Resources for researchers and practitioners
- Tips from successful projects
- Recommendation from practitioners on changing policies

Potential leads:

- Hannah Lane, PhD
