

## **Slide1: Multilevel Interventions in Health Care: Building the Foundation for Future Research**

Las Vegas Hilton

March 4-5, 2011

National Cancer institute

U.S. Department of Health and Human Services

National Institutes of Health

## **Slide2: Conference Objectives**

- To identify research needed to strengthen the foundation for multilevel intervention research in health care
- To understand the current state of the science of multilevel interventions across the cancer continuum
- To clarify issues in the conceptualization of multilevel effects across scientific disciplines

## **Slide 3: Conference Structure**

- Presentations of topic overviews & key questions
- Discussant remarks
- Audience discussions in small groups
- Question/answer with the presenters
- Poster presentations
- This is an interactive session
  - There will be no knowledge transfer
  - This is about knowledge sharing and active learning

## **Slide 4: Your Involvement**

- Participate in the discussion at your table; change tables for each section
- Raise issues and question assumptions
- Submit comments and authorization
  - Your participation will be acknowledged in the JNCI supplement with your permission
- Consider multilevel intervention research in your own work
