 University of Colorado Cancer Center¹, Colorado Cancer Coalition², Colorado Department of Public Health & Environment³

Background

- University of Colorado Cancer Center (UCCC), Colorado Cancer Coalition (CCC), and the Colorado Department of Public Health and Environment (CDPHE) are collaborating to develop **Regional Cancer Networks**
 - These networks will implement evidence-based interventions (EBI) in alignment with their priorities and the state's cancer plan

Methods

- The UCCC and CCC provide technical support to each of the regions
- Each region is completing a prioritization assessment and creating action plans
- The regions will be connected to resources to help implement EBIs
