

C3I Cohort 3 Baseline Data Report designed for subsequent pre-population

Start of Block: Cancer Center Information

Q1.1 This questionnaire will collect information from C3I Cohort 3 grantees for the pre-grant period: January 1, 2019 – June 30, 2019. **The completed questionnaire, including the completed Excel Data Report Worksheet, is due February 19, 2021.** Please answer all questions about your Cancer Center setting(s) and Tobacco Treatment Program (TTP) / cessation services for this reporting period. **Reach and effectiveness reporting.** If your site did not have a tobacco treatment program in place or did not have the capability to assess the reach and effectiveness measures during the pre-grant period, you may not have data to provide for this report. However, this format and the same measures will be used for future C3I reports so we recommend that you review the data report in preparation for the next reporting period. Please work from the Data Report Worksheet to enter the reach and effectiveness data into this online survey, and refer to the Reporting Protocol. A pdf of the full survey, the Data Report Worksheet, and the Data Reporting Protocol are all posted on the C3I portal (<https://ncihub.org/groups/c3i>). You will be asked to upload the completed Data Report Worksheet at the end of the survey. You may stop and continue the survey at any time without losing your responses by using your center's unique link sent in this email. If you have trouble continuing the survey, please email me at sdhohl (at) wisc.edu.

End of Block: Cancer Center Information

Start of Block: EHR and TTP Characteristics

Q2.1 How often is smoking status updated/recorded in the EHR?

- ☐ At new patient visits only (1)
- ☐ More frequently than new patient visits, but not at every visit (2)
- ☐ At every patient visit (3)
- ☐ Other (please describe): (4)

- ☐ Don't know/Not sure (9)

Page Break

Q2.2 How often is the use of electronic cigarettes/electronic nicotine delivery systems (ENDS; including any type of “vaping” device such as JUUL) updated/recorded in the EHR?

- ☐ E-cigarette/ENDS use is not assessed in the EHR (0)
- ☐ Recorded at new patient visits only (1)
- ☐ Recorded more frequently than new patient visits, but not at every visit (2)
- ☐ Recorded at every patient visit (3)
- ☐ Other (please describe): (4)

- ☐ Don't know/Not sure (9)

Page Break

Q2.3 Please select all of the tobacco treatment services/programs offered to patients within the pre-grant reporting period (Jan 1-June 30, 2019):

- ☐ Individually delivered in-person counseling (1)
 - ☐ Group delivered in-person counseling (2)
 - ☐ Brief counseling delivered at the point of care (during patient visit) (3)
 - ☐ Cessation medications prescribed/provided (4)
 - ☐ In-house telephone-based counseling program (non-automated) (5)
 - ☐ TelASK or other IVR (6)
 - ☐ Quitline via fax referral (7)
 - ☐ Quitline via eReferral (8)
 - ☐ SmokefreeTXT without eReferral (9)
 - ☐ SmokefreeTXT via eReferral (10)
 - ☐ Other text/mobile program (11)
 - ☐ Web resource (e.g., Smokefree.gov) (12)
 - ☐ Other (please describe) (13)
-
- ☐ No tobacco treatment services offered (14)

Skip To: Q2.8 If Q2.3 = 14

Q2.4 Thinking about the settings where you have implemented your programs, how widely have they been adopted? (select all that apply).

- ☐ Cancer Center wide (1)
 - ☐ Part of the Cancer Center (e.g. specific clinics) (2)
 - ☐ Affiliated settings, e.g. regional hospitals, outpatient cancer care centers (3)
 - ☐ Primary care settings (4)
 - ☐ Other (please describe) (5)
-

Page Break

Q2.5 How were patients connected with or referred to a tobacco treatment program or resource during this reporting period? Choose all that apply.

- ☐ No referrals offered/given (1)
 - ☐ Information given and patient initiates (2)
 - ☐ Clinician initiated referral (not via EHR) (3)
 - ☐ EHR referral is optional for smokers (4)
 - ☐ EHR referral is automatic for smokers ("opt-out method") (5)
 - ☐ Program initiated referral (proactive outreach, list of eligible patients generated via EHR/registry and contacted by program staff) (7)
 - ☐ Other (please describe) (6)
-

Display This Question:

If Q2.5 = 4

Or Q2.5 = 5

Or Q2.5 = 6

Q2.6 Did your program use an EHR based, closed-loop referral system (e.g. EHR-generated referral; EHR is populated with treatment outcomes from an outside tobacco cessation service vendor)?

- ☐ Yes (1)
- ☐ No (2)
- ☐ Don't know/not sure (9)

Page Break

Q2.7 Which of the following populations were referred to tobacco treatment? Choose all that apply.

- ☐ Inpatients (1)
- ☐ Outpatients (2)
- ☐ Family members of patients (3)
- ☐ Community members (4)
- ☐ Other (specify) (5) _____
- ☐ No referrals offered/given (6)

Page Break

Q2.7.1 What was your program's practice for addressing family members or support persons during the reporting period? If you are not sure of the practice during the reporting period, you may select responses that apply to your program's current practice. Choose all that apply.

- ☐ Our program routinely asked family members or support persons of cancer patients that smoke if they would like to become involved with the cancer patient's tobacco use treatment plan. (1)
- ☐ Our program routinely offered tobacco use treatment to family members or support persons of cancer patients to help the support person quit smoking. (2)
- ☐ Our program offered resources to help support persons or family members who smoke of a cancer patient to quit, such as educational pamphlets. (3)
- ☐ Our program does not routinely address family members or support systems. (4)
-

Q2.7.2 Does your program routinely assess exposure to secondhand smoke in patients who smoke who are attempting to quit?

- ☐ Yes (1)
- ☐ No (2)
-

Page Break

Q2.8

Please indicate the status of each of these activities during this reporting period using the following definitions:

Not yet started: Work towards the activity has not been started. **In progress:** Currently working/devoting significant personnel/resources towards the activity. **Completed:** Goals of the activity have been met; no longer working towards the activity or devoting significant personnel/resources towards the activity. **Maintenance:** Currently devote some time/resources to maintaining a previously completed activity (if applicable).

Not applicable: The activity is not relevant to the type of program being implemented.

Secure health care system administrative leadership buy-in and support. (q2_10_1)	▼ Not yet started (1) ... Not applicable (4)
Secure health care system clinical leadership buy-in and support. (q2_10_2)	▼ Not yet started (1) ... Not applicable (4)
Secure health care system IT leadership buy-in and support. (q2_10_3)	▼ Not yet started (1) ... Not applicable (4)
Define the new clinical workflow for screening and referring smokers to treatment. (q2_10_4)	▼ Not yet started (1) ... Not applicable (4)
Work with IT to modify the EHR to screen and identify current smokers for treatment. (q2_10_5)	▼ Not yet started (1) ... Not applicable (4)
Work with IT to modify the EHR to refer current smokers to treatment. (q2_10_6)	▼ Not yet started (1) ... Not applicable (4)
Train clinicians and staff in the new clinical workflow. (q2_10_7)	▼ Not yet started (1) ... Not applicable (4)
Pilot the new clinical workflow. (q2_10_8)	▼ Not yet started (1) ... Not applicable (4)
Implement the new clinical workflow ("Go live"). (q2_10_9)	▼ Not yet started (1) ... Not applicable (4)
Develop an evidence-based TTP. (q2_10_10)	▼ Not yet started (1) ... Not applicable (4)
Acquire space for the TTP. (q2_10_11)	▼ Not yet started (1) ... Not applicable (4)
Hire staff for the TTP. (q2_10_12)	▼ Not yet started (1) ... Not applicable (4)
Train clinicians and staff to implement the TTP. (q2_10_13)	▼ Not yet started (1) ... Not applicable (4)

Q2.9 Please select the tobacco treatment services that your program billed for through insurance for during this reporting period:

- ☐ Medication (1)
- ☐ Counseling (2)
- ☐ Both medication and counseling (4)
- ☐ Did not bill for any tobacco treatment services (3)

Q2.10 Please select all of the materials you have created within your program:

- ☐ Marketing/promotional materials for the TTP (1)
 - ☐ General cessation materials (2)
 - ☐ Tailored cessation materials (i.e. for special populations) (3)
 - ☐ Training materials for staff (4)
 - ☐ EHR scripting (BPA alerts, orders, smarttext, smartphrases, etc.) (5)
 - ☐ Other type (specify) (6)
-
- ☐ No materials created (7)

Display This Question:

If Q2.10 = 3

Q 2.10.1 Which special populations do your tailored cessation materials aim to reach? Select all that apply.

- ☐ American Indian/Alaska Native patients (7)
 - ☐ Asian/Asian American patients (8)
 - ☐ Black/African American patients (5)
 - ☐ Native Hawaiian or other Pacific Islander patients (10)
 - ☐ Patients with limited English proficiency (list languages): (3)
-

- ☐ Patients with limited health and/or reading literacy (2)
 - ☐ Female-identifying patients (9)
 - ☐ Patients with mental health and/or substance use disorders (1)
 - ☐ Sexual and/or gender minority patients (4)
 - ☐ Other, please describe (6)
-

Page Break

Q2.11 Were clinicians or other health care staff trained in referring to and/or delivering any type of tobacco cessation treatment during this reporting period?

☐ Yes (1)

☐ No (2)

Q2.12 Enter the the number of FTEs for tobacco treatment specialists that were on staff during this reporting period. Enter "0" if there were no dedicated tobacco treatment specialists on staff.

☐ Number of tobacco treatment specialists (FTE) (5)

Page Break

Q2.13 The next set of questions assess sustainability of your tobacco treatment program. This assessment has been designed for use with a wide variety of practices across different clinical settings. Given this flexibility, it is important for you to think through how you are defining your practice and organization before starting the assessment.

Below are a few definitions of terms that are frequently used throughout the assessment. Take a moment to define them for your situation. Keep in mind that this tool is designed to assess your specific practice within the context of its organization and community, and not the organization as a whole. **Practice** refers to the set of formal organized activities that you want to sustain over time. Such activities could occur in a variety of clinical settings. **In C3I, the practice would be defined as the set of formal, organized activities within your tobacco treatment program that you want to sustain over time.** **Organization** encompasses all the parent organizations or agencies in which the practice is housed. Depending on the practice, the organization may refer to a health center, a hospital, etc. **Community** refers to the stakeholders who may benefit from or who may guide the practice. This could include clinical staff, leadership, care recipients and their families, etc. Community does not refer to a specific town or neighborhood. In the following questions, you will rate your practice across a range of specific factors that affect sustainability. Please respond to as many items as possible. If you truly feel you are not able to answer an item, you may select “Not able to answer.”

Q2.14 Engaged Staff & Leadership

	No extent (1) (1)	(2) (2)	(3) (3)	(4) (4)	(5) (5)	(6) (6)	Full extent (7) (7)	Not able to answer (0)
1. The practice engages leadership and staff throughout the process. (csat1_1)	☐	☐	☐	☐	☐	☐	☐	☐
2. Clinical champions of the practice are recognized and respected. (csat1_2)	☐	☐	☐	☐	☐	☐	☐	☐
3. The practice has engaged, ongoing champions. (csat1_3)	☐	☐	☐	☐	☐	☐	☐	☐
4. The practice has a leadership team made of multiprofessional partnerships. (csat1_4)	☐	☐	☐	☐	☐	☐	☐	☐
5. The practice has team-based collaboration and infrastructure. (csat1_5)	☐	☐	☐	☐	☐	☐	☐	☐

Q2.19 Workflow Integration

	No extent (1) (1)	(2) (2)	(3) (3)	(4) (4)	(5) (5)	(6) (6)	Full extent (7) (7)	Not able to answer (0)
1. The practice is built into the clinical workflow. (csat6_1)	☐	☐	☐	☐	☐	☐	☐	☐
2. The practice is easy for clinicians to use. (csat6_2)	☐	☐	☐	☐	☐	☐	☐	☐
3. The practice integrates well with established clinical practices. (csat6_3)	☐	☐	☐	☐	☐	☐	☐	☐
4. The practice aligns well with other clinical systems (e.g., EMR). (csat6_4)	☐	☐	☐	☐	☐	☐	☐	☐
5. The practice is designed to be used consistently. (csat6_5)	☐	☐	☐	☐	☐	☐	☐	☐

Q2.20 Organizational Readiness

	No extent (1) (1)	(2) (2)	(3) (3)	(4) (4)	(5) (5)	(6) (6)	Full extent (7) (7)	Not able to answer (0)
1. Organizational systems are in place to support the various practice needs. (csat7_1)	☐	☐	☐	☐	☐	☐	☐	☐
2. The practice fits in well with the culture of the team. (csat7_2)	☐	☐	☐	☐	☐	☐	☐	☐
3. The practice has feasible and sufficient resources (e.g., time, space, funding) to achieve its goals. (csat7_3)	☐	☐	☐	☐	☐	☐	☐	☐
4. The practice has adequate staff to achieve its goals. (csat7_4)	☐	☐	☐	☐	☐	☐	☐	☐
5. The practice is well integrated into the operations of the organization. (csat7_5)	☐	☐	☐	☐	☐	☐	☐	☐

End of Block: TTP Program Sustainability

Start of Block: Data Reporting

Q4.1

In the following sections, you will be asked to report Reach measures for the pre-grant period January 1 - June 30, 2019. If you are unable to report these measures at this time, please select "No" and provide information about when these data will be ready for submission.

If you select "No", the survey will be submitted with the answers that are completed now. Please only select "No" if you are sure you want to end the survey now and not return to the previous questions.

- ☐ I am ready to enter Reach data. (1)
- ☐ The Reach data for our site is not ready to submit, but I expect it will be ready by: (2)
- _____

Q5.6 REACH DATA REPORT Please provide data for the pre-grant reporting period January 1, 2019 through June 30, 2019.

Enter the number of unique patients, not the number of visits. As a reminder, you should report on all patients seen in the setting indicated. This includes patients diagnosed with cancer as well as other types of patients (e.g. screening patients). You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to enter data for up to 3 settings. You may not have data to report for every field. Please enter NA for the fields that you do not have data to report.

Please be sure to distinguish between 0 (zero) patients and missing or not applicable/NA data.

Start of Block: Effectiveness Part 1

Q10.1

In the following sections, you will be asked to report **effectiveness** measures for the pre-grant period January 1 - June 30, 2019. If you are unable to report these measures at this time, please select "No" and provide details about your site's effectiveness data.

If you select "No", the survey will be submitted with the answers that are completed now. Please only select "No" if you are sure you want to end the survey now without returning to the previous questions.

- ☐ I am ready to enter effectiveness data. (1)
- ☐ No, I cannot enter effectiveness data now. Please enter any comments for the Coordinating Center regarding your effectiveness data: (2)
-

Page Break

Q10.2 EFFECTIVENESS DATA REPORT Effectiveness measures should be reported only among those smokers who have engaged/participated in a tobacco treatment program. "Enrollment" reflects the number of participants who enrolled /first engaged in tobacco treatment during the reporting period January 1, 2019 through June 30, 2019. "6-month follow-up" reflects the number of participants whose 6 month follow-up data were recorded during the reporting period January 1, 2019 through June 30, 2019. The follow-up data should reflect participants who enrolled/first engaged in tobacco treatment in the previous reporting period (July 1, 2018 through December 31, 2018). Please refer to the Data Reporting Protocol on the C3I portal for more information about entering these data: <https://ncihub.org/groups/c3i>

Q10.4
FOLLOW_UP

Please indicate the methods used to collect the 6-month follow-up effectiveness data :

- ☐ In-person survey (1)
 - ☐ Quitline reports (2)
 - ☐ EHR reports (3)
 - ☐ Telephone-based survey (non-automated) (4)
 - ☐ TelASK or other automated phone /IVR system (5)
 - ☐ Manual chart audit (6)
 - ☐ Other way: (7) _____
-

Q10.5 Please describe the protocol for how your site collects 6-month follow-up data. This information should describe who conducts follow-up assessments, when/at what type of visit surveys are administered, how many follow-up calls are attempted, or any other relevant details.

Page Break

Q10.6 FOLLOW_UP

Please enter the total number of TTP participants from the July 1, 2018 and Dec 31, 2018 that have 6-month follow-up data recorded between Jan 1-June 30, 2019.

Please enter how many declined to report or were not reached at 6-month follow-up.
