

C3I Data Report

January 1, 2021 to June 30, 2021

Due August 6, 2021

Instructions:

This document is to be used as a worksheet for completing the data request. All data should be reported in the online Qualtrics survey. The first column in each worksheet indicates the number of the

There is now a place in the online survey to upload this document to help ensure data accuracy.

Complete the Reach and Effectiveness tabs (3 total). There are specific instructions on each tab.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report (e.g. question/category was not asked). Please enter 0 if there are no patients in that category.

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). The online survey has space to enter up to 3 settings.

If you have any questions, please contact Sarah Hohl, C3I Coordinating Center Project Scientist

sdhohl@wisc.edu

Enter the number of unique patients, not the number of visits. As a reminder, you should report on all patients seen in the setting indicated. This includes patients diagnosed with cancer as well as other types of patients (e.g. screening patients).

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to list them under the headings Setting 1 and Setting 2. Enter the name or description of each setting under Item 2.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report. Please enter 0 if there are no patients in that category.

Reach		Enter your responses below:	
Enter the name of your NCI Cancer Center:			
List the clinical setting(s) where the TTP was implemented:		Setting 1:	Setting 2 (if applicable):
For each setting, enter the number of:			
Adult patients seen in this setting (age 18 and older):			
Patients who were screened for smoking/tobacco use and have a documented smoking status (e.g. current, former, never). Do not include those who refuse/decline to report smoking status.			
Current cigarette smokers:			
TTP Program Engagement			
Enter the number of smokers that engaged in each of the following:			
Any type of TTP			
In house/in-person TTP (group or individual, including point-of-care)			
Telephone based TTP (non-automated)			
TelASK or other IVR program			
Quitline (referred by fax or EHR)			
Text/mobile resource (e.g. smokefree TXT)			
Web resource (e.g. Smokefree.gov)			
Cessation medication (prescribed or given medication)			
offered servcies			
Current Smoker Demographics			
Enter the number of current smokers who fall within the following categories:			
Gender			
Male			
Female			
Other gender/Not specified			
Race			
American Indian or Alaska Native			
Asian			
Black or African American			

Native Hawaiian or Other Pacific Islander		
White		
More than one race		
Unknown/other race		
Ethnicity		
Hispanic		
Non-Hispanic		
Unknown		
Age		
18-24		
25-44		
45-64		
65 and older		
Age unknown		
Primary insurance type		
Private insurance		
Medicare		
Medicaid		
Military plan (e.g. Tricare/VA)		
Indian Health Service		
Other state/government sponsored insurance		
No insurance coverage		
Unknown		
TTP Participant Demographics		
Enter the number of TTP Participants who fall within the following categories:		
Gender		
Male		
Female		
Other gender/Not specified		
Race		
American Indian or Alaska Native		
Asian		
Black or African American		
Native Hawaiian or Other Pacific Islander		
White		
More than one race		
Unknown/other race		
Ethnicity		
Hispanic		
Non-Hispanic		
Unknown		
Age		
18-24		
25-44		

45-64		
65 and older		
Age unknown		
Primary insurance type		
Private insurance		
Medicare		
Medicaid		
Military plan (e.g. Tricare/VA)		
Indian Health Service		
No insurance coverage		
Unknown		

This document is to be used as a worksheet for completing the data request. All data should be reported in the online Qualtrics survey. The first column in each worksheet indicates the number of the corresponding question in the online survey.

Instructions for reporting on Effectiveness Part 1:

Please provide data for the reporting period from January 1, 2021 to June 30, 2021.

Report each effectiveness measure among smokers who have engaged/participated in a tobacco treatment program (TTP). Engagement is defined as completing at least 1 session of a TTP, or the equivalent of a session (e.g. calling a quitline). Please refer to the Data Reporting Protocol for details.

Enter data at baseline/time of enrollment and at 6 months follow-up. The same patients will not be reported in the enrollment and follow up categories within the same report.

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to list them under the Setting 1, Setting 2, and Setting 3 columns.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report. Please enter 0 if there are no patients in that category.

Effectiveness	Enter your responses below:					
	Setting 1		Setting 2 (if applicable)		Setting 3 (if applicable)	
	Enrollment	6 month follow-up	Enrollment	6 month follow-up	Enrollment	6 month follow-up
<i>Report each of the following items for smokers who engaged in a TTP</i>						
Please enter the total number of TTP participants that you have effectiveness data to report on, by TTP type						
Any type of TTP						
Missing data/declined to report on effectiveness data						
Data by TTP type is no longer required.						
Enter the number of TTP participants that reported the following cigarette use categories in response to the question, "When did you last smoke a cigarette (even one or two puffs)?:"						
I smoked a cigarette today (at least one puff)						
1 to 7 days ago						
8 days to 1 month ago						
More than 1 month ago to 1 year ago						
More than 1 year ago						
Don't know/don't remember						
TTP Participant Demographics	Demographics at enrollment are no longer required					
Enter the number of TTP participants that you are reporting on with a) Baseline and b) Follow-up measures who fall within the following categories:		6 month follow-up		6 month follow-up		6 month follow-up
Gender						
Male						
Female						
Other gender/Not specified						
Race						
American Indian or Alaska Native						
Asian						
Black or African American						
Native Hawaiian or Other Pacific Islander						
White						
More than one race						
Unknown/Other race						
Ethnicity						
Hispanic						
Non-Hispanic						
Unknown						
Age						
18-24						
25-44						
45-64						
65 and older						
Age unknown						
Primary insurance type						
Private insurance						
Medicare						
Medicaid						
Military plan (e.g. Tricare/VA)						

Indian Health Service					
Other state/government sponsored insurance					
No insurance coverage					
Unknown					

Instructions for reporting on Effectiveness Part 2

Please provide data for the reporting period from July 1, 2020 to December 31, 2020.

Please expand on the required Effectiveness Items in Part 1. For each Enter the number of TTP participants falling into each of the demographic categories listed below.

Enter the number of unique patients, not the number of visits.

Enter data from 6 months follow-up.

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to list them under the Setting 1 and Setting 2 (scroll to the right if you have data to enter for Setting 2).

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report. Please enter 0 if there are no patients in that category.

	6 MONTH FOLLOW UP: SETTING 1						6 MONTH FOLLOW UP: SETTING 2 (if applicable)						6 MONTH FOLLOW UP: SETTING 3 (if applicable)					
Effectiveness Part 2: 6 MONTH FOLLOW UP	I smoked a cigarette today (at least one puff)	1 to 7 days ago	8 days to 1 month ago	More than 1 month ago to 1 year ago	More than 1 year ago	Don't know/ don't remember	I smoked a cigarette today (at least one puff)	1 to 7 days ago	8 days to 1 month ago	More than 1 month ago to 1 year ago	More than 1 year ago	Don't know/ don't remember	I smoked a cigarette today (at least one puff)	1 to 7 days ago	8 days to 1 month ago	More than 1 month ago to 1 year ago	More than 1 year ago	Don't know/ don't remember
Please expand on the Effectiveness Part 1 required item, "When did you last smoke a cigarette (even one or two puffs)?" for patients at 6-month follow up. Enter the number of TTP participants falling into each of the demographic categories listed below. (data by TTP type is no longer required, nor are demographics at enrollment)																		
Gender																		
Male																		
Female																		
Other gender/Not specified																		
Race																		
American Indian or Alaska Native																		
Asian																		
Black or African American																		
Native Hawaiian or Other Pacific Islander																		
White																		
More than one race																		
Unknown/Other race																		
Ethnicity
