

C3I Data Report
January 1, 2022 to June 30, 2022
&
July 1, 2022 to December 31, 2022
Due March 31, 2022

Instructions:

This document will be uploaded to the online survey.

Complete the Reach and Effectiveness tabs for Jan-June 2022 and July-Dec 2022 (6 tabs total). There are specific instructions on each tab.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report (e.g. question/category was not asked). Please enter 0 if there are no patients in that category.

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). The online survey has space to enter up to 3 settings.

If you have any questions, please contact Jennifer Bird, the Project Scientist at the C3I Coordinating Center

jebird@wisc.edu

January 1 - June 30 2022 Reach Data

Instructions for reporting on Reach:

Please provide data for the reporting period from January 1, 2022 to June 30, 2022.

Enter the number of unique patients, not the number of visits. As a reminder, you should report on all patients seen in the setting indicated. This includes patients diagnosed with cancer as well as other types of patients (e.g. screening patients).

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to list them under the headings Setting 1 and Setting 2. Enter the name or description of each setting under Item 2.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report. Please enter 0 if there are no patients in that category.

Reach	Enter your responses below			Column for C3I Coordinating Center Use
Enter the name of your NCI Cancer Center:				
Clinical setting(s) where the TTP was implemented:	Setting 1	Setting 2 (if applicable)	Setting 3 (if applicable)	Totals calculated automatically
Setting name:				
Setting description:				
For each setting, enter the number of:				Patient totals (automatically calculated)
Adult patients seen in this setting (age 18 and older) during the reporting period:				0
Patients who were screened for smoking/tobacco use and have a documented smoking status (e.g. current, former, never) during the reporting period. Do not include those who refuse/decline to report smoking status:				0
Patients who currently smoke cigarettes in the reporting period:				0
TTP Program Engagement				
Enter the number of patients who smoke that engaged in each of the following:				TTP patient totals (automatically calculated)
Any type of TTP				0
In house/in-person TTP (group or individual)				0
Telephone-based TTP (non-automated)				0
Video-based TTP				0
Point-of-care counseling (brief intervention/advice delivered during routine appointment)				0
TelASK or other IVR				0
Quitline (referred by fax or EHR)				0
Text/mobile resource (e.g. smokefree TXT)				0
Web resource (e.g. Smokefree.gov)				0
Cessation medication (prescribed or given medication)				0
Other type. Please describe: _____				0
Patients who were offered participation in a TTP Program. NOTE: This is distinct from engagement/participation reported above.				
Enter the number of patients who smoke who were offered participation in each of the following:				Patients offered TTP totals (automatically calculated)
Any type of TTP				0
In house/in-person TTP (group or individual)				0
Telephone-based TTP (non-automated)				0
Video-based TTP				0
Point-of-care counseling (brief intervention/advice delivered during routine appointment)				0
TelASK or other IVR				0

Quitline (referred by fax or EHR)				0
Text/mobile resource (e.g. smokefree TXT)				0
Web resource (e.g. Smokefree.gov)				0
Cessation medication (prescribed or given medication)				0
Other type. Please describe _____				0
Demographics of patients who currently smoke:				
Enter the number of patients who currently smoke who fall within the following categories:				Total in each category should add up to the number of patients who currently smoke.
Gender				Patients who smoke total:
Male				0
Female				Gender total:
Other gender/Not specified				0
Race				
American Indian or Alaska Native				
Asian				
Black or African American				
Native Hawaiian or Other Pacific Islander				
White				
More than one race				Race total:
Unknown/other race				0
Ethnicity				
Hispanic				
Non-Hispanic				Ethnicity total:
Unknown				0
Age				
18-24				
25-44				
45-64				
65 and older				Age total:
Age unknown				0
Primary insurance type				
Private insurance				
Medicare				
Medicaid				
Military plan (e.g. Tricare/VA)				
Indian Health Service				
Other state/government sponsored insurance				
No insurance coverage				Insurance total:
Unknown				0
TTP Participant Demographics				
Enter the number of TTP Participants who fall within the following categories:				Total in each category should add up to the number of TTP participants.

Gender				TTP total:
Male				0
Female				Gender total:
Other gender/Not specified				0
Race				
American Indian or Alaska Native				
Asian				
Black or African American				
Native Hawaiian or Other Pacific Islander				
White				
More than one race				Race total:
Unknown/other race				0
Ethnicity				
Hispanic				
Non-Hispanic				Ethnicity total:
Unknown				0
Age				
18-24				
25-44				
45-64				
65 and older				Age total:
Age unknown				0
Primary insurance type				
Private insurance				
Medicare				
Medicaid				
Military plan (e.g. Tricare/VA)				
Indian Health Service				
Other state/government sponsored insurance				
No insurance coverage				Insurance total:
Unknown				0
Optional Reporting				Totals automatically calculated
Patients who were NOT screened for smoking/tobacco use				0
Patients who refused/declined to report smoking/tobacco use				0
Patients who use non-cigarette tobacco				0
Patients who use non-cigarette tobacco that participated in a TTP				0
Patients reporting a household member uses any tobacco products				0
Household/family members that participated in a TTP				0
Patients who smoke that declined to participate in a TTP				0

January 1 - June 30 2022 Effectiveness Part 1

Instructions for reporting on Effectiveness Part 1:

Please provide data for the reporting period from January 1, 2022 to June 30, 2022.

Report each effectiveness measure among patients who smoke who have engaged/participated in a tobacco treatment program (TTP). Engagement is defined as completing at least 1 session of a TTP, or the equivalent of a session (e.g. calling a quitline). Please refer to the Data Reporting Protocol for details.

Enter data for patients seen at baseline/time of enrollment and at 6 months follow-up during the reporting period. The same patients will not be reported in the enrollment and follow up categories within the same report.

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to list them under the Setting 1, Setting 2, and Setting 3 columns.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report. Please enter 0 if there are no patients in that category.

Effectiveness	Enter your responses below						Column for C3I Coordinating Center Use
	Setting 1		Setting 2 (if applicable)		Setting 3 (if applicable)

Patients who smoke that declined to participate in a TTP				0

July 1 - December 31 2022 Effectiveness Part 1

Instructions for reporting on Effectiveness Part 1:

Please provide data for the reporting period from July 1, 2022 to December 31, 2022.

Report each effectiveness measure among patients who smoke who have engaged/participated in a tobacco treatment program (TTP). Engagement is defined as completing at least 1 session of a TTP, or the equivalent of a session (e.g. calling a quitline). Please refer to the Data Reporting Protocol for details.

Enter data for patients seen at baseline/time of enrollment and at 6 months follow-up during the reporting period. The same patients will not be reported in the enrollment and follow up categories within the same report.

You may have separate data for different health care settings (for example, if the reports are generated from different health care organizations or EHR systems). There is space to list them under the Setting 1, Setting 2, and Setting 3 columns.

You may not have data to report for every field. Please enter NA for the fields that you do not have data to report. Please enter 0 if there are no patients in that category.
